

About SPEC-TBI

St.Peter's Engineering College – Technology Business Incubator has been established with the financial support of Govt of India to promote technopreneurship among Science & Technology professionals. The goals of SPEC-TBI are

New Venture Creation

SPEC-TBI helps Entrepreneurs in starting up their ventures by providing space, facilities and mentoring.

Interfacing & Networking

SPEC-TBI helps Entrepreneurs to network with stakeholders

Technology Commercialization

SPEC-TBI provides platform for speedy commercialization of technologies.

Embedded within the university campus, with resources such as library, laboratories and distinguished faculty, SPEC-TBI provides an ideal platform for starting new ventures.

About NSTEDB

The National Science & Technology Entrepreneurship Development Board (NSTEDB) established in 1982 by the Govt. of India under the aegis of Department of Science & Technology is an institutional mechanism to promote Entrepreneurship in our country.

Need for FDP on Entrepreneurship

More than 50% of India's population are in the most productive age group and have soaring aspirations. To tap the creative potential of this young population, encouraging Entrepreneurship is the need of the day. Today, we have a galaxy of highly successful home grown entrepreneurs to inspire the youth. The academic faculty particularly from Science, Engineering & Technology background have a crucial role to play in influencing the young minds to consider Entrepreneurship as a career option.

FDP on Entrepreneurship will facilitate creation of resource persons in their respective institutions who can guide students in their attempts to start up a venture with their brilliant ideas.

Objectives

- To develop vision, strategy & structure for Entrepreneurship development in educational institutions.
